QCI/ AHA/ 2011

19th January 2010

Dear Surg Capt N A Khan,

Subject: QM & AHO Course Conducted by Academy of Hospital Administration (AHA)

This is **Regarding QM & AHO Course Conducted by** Academy of Hospital Administration (AHA), Noida since 2007. As I am given to understand that more than 500 health care professionals from government and private sector hospitals have undergone this course so far.

After going through the Syllabus, I am of the opinion that body of knowledge is very well designed and AHA deserves appreciation. The curriculum is student friendly and focused on patient & staff safety in addition to acquainting the students with latest tools & techniques to upgrade and improve the quality of care. The students who successfully undergo this course should be able to help and add value to health care providers who wish to excel in providing quality care to their patients.

I would suggest that Healthcare providers, both in public and private sector may avail good work being done by AHA, by training their staff through this course.

Warm regards

[Girdhar J. Gyani]

HISTORICAL BACKGROUND

It was in the momentous year of 1966 that the speciality of Hospital Administration gained credence in India and Department of Hospital Administration was established at the All India Institute of Medical Sciences New Delhi. Interactions of the hospital administrators at various forums lead to an emergence of a felt need to have a formal professional body of hospital administrators which apart from achieving other objectives would facilitate interaction amongst the hospital administrators to discuss, disseminate, enhance knowledge/skill and initiate/encourage research activities related to the speciality. The felt need soon metamorphosed into a historic reality and an institution was born - **Academy of Hospital Administration (AHA)** was established on **16th February 1987** under the Society Registration Act 1860.

A modern state of art building has been constructed in 2005 and the AHA is located at C-56/43, Institutional Area, Sector – 62, NOIDA, U.P. for various activities.

AHA is ISO 9001:2008 Certified Organization and also registered by **National Accreditation Board for Education and Training [NABET]**, QCI Government of India as **Consultant Organization**
Registration NO: NC01114 02

AIMS AND OBJECTIVES OF AHA

The aim and objectives of AHA are as follows:-

- To promote scientific management of hospital and advancement of health care system so as to make it rational, responsive and cost efficient, both to consumers and providers.
- To promote the development of high quality of hospital care in the community and the country so as to provide a satisfactory environment to the patient and also to the doctors for clinical research.
- To promote a forum for exchange of ideas and information among the health planners, academicians, administrators and general public for improvement of hospital and health services.
- To develop norms and standards for accreditation of institutes of health care and adopt means of continuous evaluation of such institutions so as to improve upon the quality of health care.
- To provide opportunities for training and research in all aspects of hospital/health administration.

AHA presently has more than 1300 trained hospital administrators, located all over India and abroad. We have about 200 faculty members from Delhi and NCR of Delhi to conduct various training programmes.

POST GRADUATE CERTIFICATE PROGRAMME
IN QUALITY MANAGEMENT
AND
ACCREDITATION OF HEALTH CARE ORGANIZATIONS [QM&AHO]

In the last almost four decades the health care delivery system has been passing through a revolutionary change due to technology advances leading to modernization in diagnostic and therapeutic procedures on the one hand, and a phenomenal rise in expectation of the community on the other. As a result there is an enormous increase in complexity in the delivery of health care services with disproportionate rise in cost of care. In recent times to meet the challenges emphasis has been made on the need for quality management of health facilities and at the same time about international standards to meet the needs of Medical Tourism. In view of the changing scenario requiring large number of trained administrators for hospitals and health care organization, this programme was launched in the year 2007.

OBJECTIVES

- To impart knowledge and concepts related to quality management systems and accreditation of health care organizations.
- To create an understanding of application of various tools and techniques of quality management system in health care organizations.
- To acquaint the participants about the quality indicators in medical and health care and the procedure for evaluation of quality of hospital and health services.

SCOPE

The programme fulfils specific needs of middle level administrators and clinicians in health care organizations who are keen to participate in the introduction of quality management system in their organization for accreditation. It will also be of immense benefit to senior clinicians, and those clinicians currently appointed as heads of departments and engaged in administrative duties also.

ELIGIBILITY CRITERIA

- ✓ Medical, Dental graduates from a Medical/Dental Institute of India or other countries, recognized by Medical Council of India [MCI] or Dental Council of India [DCI]
- ✓ Graduates in alternative system of medicine [Ayush].
- ✓ Candidates holding MBA degree or PG Diploma in Financial, Material, Marketing or Personnel Management.
- ✓ Graduates in nursing and pharmacy or having similar technical skills in other branches of health sciences.

DURATION

PG CERTIFICATE IN QUALITY MANAGEMENT AND ACCREDITATION OF HEALTH CARE ORGANIZATION [QM&AHO]

- Duration six months but a student can complete within a maximum period of one and a half years.

MEDIUM OF INSTRUCTION - ENGLISH

The student should write their examination in English only.

CONDUCTION OF PROGRAMME

On admission, each student will be attached to the Institute located at NOIDA where he / she would be attending counselling session to clear their doubts related to theory component. A panel of counsellors will be earmarked to act as guide for project study to be undertaken by each student during the programme. In addition, two contact programmed of seven days duration each will be held for practical activities, as per dates to be notified by the officer in-charge programme.

EVALUATION

Theory and practical component will be evaluated separately through continuous internal assessment and term end assessment. In both theory and practical, the weightage of internal assessment will be 30 percent and that of the end assessment will be 70 percent. A student will be declared successful in theory and practical components only if he / she score 50 percent marks in aggregate combining the

internal and end assessment. He / she should obtain at least 40 percent marks in both concurrent and terminal evaluation of each paper.

STUDENT GUIDELINE

A separate student programme guide will be issued to all selected candidates for each programme. This will contain the following details:-

- a) Programme structure and syllabus.
- b) Scheme of study.
- c) How to study.
- d) Student information system.
- e) Student responsibility and assignments.
- f) Functions of programme study centre.
- g) Evaluation procedure and distribution of marks.
- h) Term end theory and practical examination.
- i) Dispatch of study materials.
- j) Channel of communication and addresses.

AWARD OF CERTIFICATE/DIPLOMA

The student who have successfully completed all the requirements will be awarded the Certificate / Diploma by the Institute.
